

CREATING SHARED VALUE WITH GREEN LOGISTICS SOLUTIONS

Gold Standard Conference: Grow to Zero

Daniela Spießmann
Zürich, 15 April 2016

From a stove in Lesotho...

... to a climate neutral GoGreen shipment for our customer

Adding the new Fairtrade Climate Standard to our GoGreen customer promise

The background image shows a DHL logistics yard. On the left, a yellow DHL container sits on a flatbed train car. In the center, a large yellow DHL container is being lifted by a red crane. To the right, a white truck with a flatbed trailer is parked, carrying a stack of white boxes. Two men, one in a red and yellow DHL uniform and the other in a dark suit, are standing in the middle of the yard, looking at a device together. The sky is overcast.

GoGreen Solutions for
our customers...

...Shared Value
for business and
the environment

The big picture:
Green Solutions based on
our GoGreen Program

A group of children, likely from a community or school, are playing a game on a sandy beach. They are wearing yellow and red uniforms, including yellow caps and red shirts with yellow accents. Some children are wearing blue headbands. They are barefoot and appear to be in the middle of a game, possibly volleyball or a similar sport. The background shows a sandy beach with some trees and a fence in the distance.

Teaming up to become a
benchmark for responsible business

A person is holding a bright yellow report or brochure. The report features a photograph of a butterfly on a green field under a blue sky. There is also a small green logo on the report. Another similar yellow report is visible in the background, slightly out of focus. The background is dark and blurred, suggesting an indoor setting.

Contributing to our targets...

...benefitting the
UN Sustainable
Development Goals

What's Next?

Innovations and new economic trends for green

THANK YOU!
